About Blind:

What is Blind?
Blind is a trusted community where 3.6MM+ verified professionals connect to discuss what matters most. Professionals anonymously communicate in private community channels and openly users across industries. The community shares advice, provides honest perspectives, discuss company culture, and discover relevant career information.

What is Blind’s Mission?
Blind is a platform for change. Our mission towards transparency breaks down professional barriers, empowering informed decisions, and inspiring productive change in the workplace.

In the COVID-19 era, users have been coming to Blind to talk honestly and freely about the effects across the economy, their work, and other aspects of their lives.

Since the start of the coronavirus pandemic and uncertainty it has caused, the community on Blind has been engaging with others to share questions from their professional and personal lives. Through the freedom that only anonymity can provide, the honest conversations and truths being revealed on Blind are unlike any other social platform. As such, we surveyed our users as new issues unfolded over the past two months. Some topics include how burnout has risen by 12% due to COVID-19, or changes working professionals have made to their 401(k), since the height of the pandemic, and how US employment-based health insurance is impacted. All survey topics and summaries, plus AMA results can be found on Blind’s blog.
